

WHAT DOES YOUR PAPERWORK COST?

• ONE PERSON DESIGN FIRM •

Saving 8 hrs on paperwork per week...

8 Hrs x 50 Wks = 400 Hrs Yr x \$25.00 Hr = **\$10,000.00**

Creating your Proposals, PO's, Invoices, Spec Books, etc. is extremely time consuming.

It is vital on every project to know exactly what you've purchased, and already paid, how much is still owed to your vendors and which items still need to be purchased.

Was everything invoiced? If a client didn't pay an invoice amount in full... exactly what do they owe?

Would you like up to the minute Project Tracking, that lets you know exactly where you are at all times.

Start saving your time and energy, automate purchasing, invoicing, money distribution, Job Tracking and much more. End the mistakes. You've probably heard about **Data Magic.**

As a business person figure **how much more \$\$ money** you make by saving 10 weeks per year on paperwork, and doing more jobs?? And, in less time.

Its not only what you spend but what you make.
